

Dry Season Workshop

AGRICULTURE VICTORIA

Rainfall shortage in East Gippsland is currently extreme.

Information sessions have been arranged to help Landholders and rural communities deal with the challenging conditions. This is also a valuable chance for people to convey local needs and seek further help.

Information covered in the workshops will include:

- ***A tailored weather forecast***
- ***Stock feed requirements and costing supplements***
- ***Domestic and stock water issues***
- ***Soil protection and preparing for breaking rain***
- ***Rural financial assistance***
- ***Confirm local needs and further assistance***

Key presenters are:

John Bowman, Agriculture Victoria

Wayne Jefferis, Rural Financial Counselling Service (RFCS) - Gippsland

Workshops are on **Thursday 10th May 2018** at the following locations:

- **Bendoc CFA Shed**
10:00am – 12:30pm.
